01 ABOUT ME

Results-driven operations and customer service professional with over 3 years of experience across hospitality, retail operations, inventory management, customer relations, and team leadership.

Proven ability to manage daily operations, train staff, maintain service quality, and improve operational efficiency — from cafe floors and quick-commerce kitchens to hotel front desks.

Passionate about technology, digital marketing, and continuous learning, I bring a modern, data-friendly mindset to every shift I run — and I'm building JSVita, a personal venture focused on technology and business development.

JSVita — Personal Brand & Technology Venture

Founder. Designed, built, and operate jsvita.in — a premium personal-brand platform with a members-only login system, Firebase authentication, and a luxury black-gold identity across web, CV, and connect channels.

Q-MIN Cafe Operations Buildout

Own the daily operating rhythm of a flagship cafe — vendor coordination, audit-ready records, service training, and shift handover systems.

Zepto Cafe ICO — Format Operations

Ran a quick-commerce cafe format end-to-end: inventory discipline, hygiene standards, machinery safety, and next-day production prep.

Cafe Manager — Q-MIN CURRENT

06.2026 — Present

Roots Corporation Limited · Bangalore — Running daily cafe operations for Q-MIN under Roots Corporation — supervising service periods, safeguarding food safety, and keeping records audit-ready.

- Supervised baristas and cashiers during service periods, keeping queues moving and quality consistent.
- Supported training for new team members on company procedures and service standards.
- Trained staff on inventory handling, safety rules, and scan accuracy.
- Helped manage cafe opening, closing, and shift handoffs; worked with vendors on deliveries.
- Maintained food safety standards, sanitation routines, records, reports, and logs.

Cafe ICO — Zepto

06.2024 — 06.2026

Geddit Convenience Private Limited · Bangalore, KA — Operated the Cafe ICO format inside Zepto's quick-commerce ecosystem — inventory discipline, hygiene, and machine safety on every shift.

- Improved product shelf life through careful rotation and inventory stocking practices.
- Monitored inventory levels and reported restocking needs to management promptly.
- Trained new employees on safe machinery operation procedures.
- Organized workspace at shift end to support next-day production prep.

Recovery Executive

04.2024 — 05.2024

SR9 Association · Bangalore — Managed recovery of overdue dues with accurate records and a respectful, process-first approach.

- Collected dues from customers while preserving relationships.
- Kept accurate records of collection activity and updated customer files.

Receptionist

06.2023 — 2024

Alcott Hotels and Resorts · India — First point of contact for guests — front desk operations, cash accuracy, and friendly issue resolution.

- Handled cash and cash equivalents with care and accuracy.
- Maintained an organized filing system for confidential client records.
- Supported customer satisfaction by resolving issues with friendly, knowledgeable service.
